PROFILE

UX Designer with a background in Computer Science and Data Engineering, currently pursuing an M.Des in UX Design. Interested in human behaviour, psychology, and user-centered design. I combine research, interaction design, visual design, and technical understanding to create clear and meaningful digital experiences.

DESIGN SKILLS

UX Research - User Interviews · Surveys · Usability Testing · Analysis · User Personas · Journey Mapping

UX / UI Design - Information Architecture · User Flows · Wireframing · Prototyping · Interaction & Visual Design

Design Tools - Figma · Framer · Adobe Illustrator

Technical - HTML · CSS · JavaScript · Basic Web Development

PROFESSIONAL EXPERIENCE

Data Engineer - Hoonartek

June 2023 – June 2025

Pune, India

- Worked on **cleaning, transforming, and organizing large datasets** using Snowflake and SQL.
- Wrote and modified **SQL queries** for data analysis, reporting, and validating data across different tables.
- Created **SOPs and technical documentation** to help the team understand data workflows and deployment processes.

CSE Intern - Hoonartek

January 2023 – April 2023

Pune, India

- Gained early exposure to software development practices and technical systems within a professional engineering environment.

EDUCATION
